OFFICE OF THE SECRETARIAT

I am a 60 year old working man. All of my retirement investments are almost gone do to resent economic events. I have been investing in the Forex for the last 34 years with a little money whenever I could. I am at a point now in my forex trading that I could support myself and my wife in our retirement days. I ask you to NOT CHANGE THE MARGIN LEVEL as it is at this time, for this would take our retirement income opportunities away. We do not want to live under a bridge or be a burden on a public support system, that is already stretched to the point of breaking.

Regards

Larry Ellsworth
